

## DULUX NeverMiss One Coat\* Ceiling White

**PRODUCT CODE** 615-88688

**Data Sheet No.** AUDD0023

**APPROVALS**

### Description

DULUX NeverMiss One Coat\* Ceiling White is specially formulated for ceilings and provides outstanding opacity and superior hiding power with just one application. Its revolutionary formula applies pink and changes to white as it dries, meaning you'll never miss where you have painted.

### Features

Outstanding opacity  
 Low roller splatter formula  
 Applies pink, dries white  
 Ultra Flat finish

### Benefits

Covers in one coat, saving time and effort  
 Less mess to clean up  
 You can see where you have painted  
 Hides surface imperfections

### Uses

DULUX NeverMiss One Coat\* Ceiling White is specifically designed for plasterboard, plaster etc. ceilings where a dead flat finish is required. Not designed to be tinted. If a tinted ceiling paint is required, use Dulux Once Ceiling White.

### Performance Guide

**Weather** Not suitable for exterior application  
**Water** Good water resistance  
**Abrasion** Not applicable.

**Heat** Up to 60C  
**Solvent** Poor solvent resistance.

### Typical Properties and Application Data

**Gloss Level** 0-3 at 85 degrees

**Gloss Level Ind**

**Volume Solids** 36.0

**Colour** White

**Number of Coats** 1

**Wet film per coat** Recommended 81 µm

**Dry film per coat** Recommended 29 µm

**Recoat** 2 Hours

**Thinner** Water

**Spread Rate** 12.4 sqm/L

**Components** 1

**Toxicity** Lead free. Dry film is non-toxic and conforms to AS1647, Part 3.

**V.O.C Level** < 105g/L untinted

**Touch Dry** 20 Minutes

**Clean Up** Water

**Application Method**

### Application Guide

#### Surface Preparation

All surfaces must be thoroughly cleaned and free of all loose dirt, dust, grease, loose or flaking paint, and loose surface plaster. Efflorescence or mould on masonry or concrete surfaces must be treated. Flatten gloss surfaces by thoroughly sanding and wipe clean with a damp cloth. New work should have the surface sealed with Dulux acrylic sealer undercoat (or Sealer Binder for plaster).

#### Application Procedure and Equipment

Stir contents thoroughly before and during use with a flat stirrer using an upward lifting action.

Brush/Roller: Use a 10 - 12mm pile roller, preferably not smaller than 230mm long. Use an extension pole for application while standing at floor level. Apply the paint liberally, using at least 1 litre of paint per 12 square metres of ceiling. Avoid rolling back over nearly dried sections. The paint will appear pink when first applied but will dry to an even white finish. Thinning is not recommended, but if necessary, thin with up to 50 ml water per litre to assist application.

Brush and roller

### Health and Safety

**MSDS Number** 39774

**Health Effects** For detailed information refer to the product label and the current Material Safety Data Sheet available through Customer Service.  
Health Effects: Splashes to the eye may cause eye irritation. Ensure adequate ventilation during application and drying. Keep out of reach of children.

**Protective Equipment** Personal Protective Equipment: Wear eye protection.

**In the case of emergency please call 1800 033 111**

### Precautions and Limitations

All preparation and painting must conform to AS2311: The Painting of Buildings. Do not exceed recommended spreading rate. Avoid exposure to steam and condensation or using alkaline cleaners in the first 7 days after painting, as this may result in the temporary re-appearance of the pink colour. This will fade back to white when dry. Do not paint at temperatures below 10 degrees Celsius or when the temperature of the surface may fall below 10 degrees Celsius during the drying period. \* One coat over previously painted ceilings of most colours.

### Transport and Storage

**Pack A** 615-88688

**Sizes** 2 Litre 4 Litre 10 Litre

**Weight** 3.0 Kg 6.0 Kg 14.8 Kg
